TECHNICAL SKILLS

- Frontend Development: HTML, CSS, JavaScript
- Programming: Python (basic to intermediate)
- Tools & Concepts:
  Responsive Web Design
  Basic AI/ML integration (project-based)
  Problem-solving & self-learning approach

Shruti Ghuge

Information Technology Student

ABOUT

Motivated IT student with a strong foundation in frontend web development (HTML, CSS, JavaScript). Passionate about building practical projects and continuously learning new technologies. Seeking opportunities to grow and contribute to real-world software development.

Education

pursuing B.tech in Information Technology

- 1st Year CGPA: 8.06
- 2nd Year (Sem 1) CGPA: 8.07
- Strong academic performance with consistent improvement

Projects

1. Daily To-Do List with Pomodoro Timer

- Developed a productivity web app using HTML, CSS, and JavaScript
- Added features like task management, Pomodoro timer, and music reminder
- Focused on improving user productivity and time management

2. AI Crop Doctor (Ongoing Project)

- Built a web-based solution for crop disease detection
- Used HTML, CSS, JavaScript for frontend and Python for detection logic
- Aims to help farmers identify crop diseases efficiently
- Currently enhancing features and accuracy

Strengths

- Self-learning attitude and curiosity to explore new technologies
- Strong interest in web development and real-world problem solving
- Good time management and consistency in academics

Interests

- Web Development
- AI-based applications
- Building useful and impactful tech projects
